SCHOOLS &
INSTITUTIONS

CLASSFLOW

creates an interactive and collaborative learning experience for the modern classroom.

BRING
YOUR
SCHOOL'S
1:1, BYOD, and
Computer Cart
program to life!

Ensure the active participation & engagement of EVERY STUDENT, by enabling the “flow” of dynamic, interactive content across multiple devices including Chromebooks, iPads, notebook computers, interactive classroom displays, and more!

CREATE

interactive quizzes, polls and team-based activities to assess learning while promoting active student participation and collaboration.

DIFFERENTIATE

instruction to both small workgroups and to individual students.

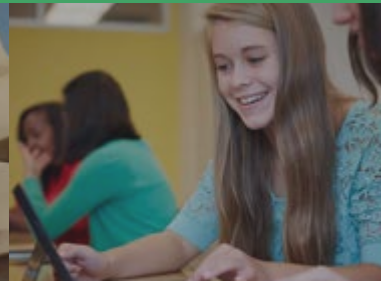

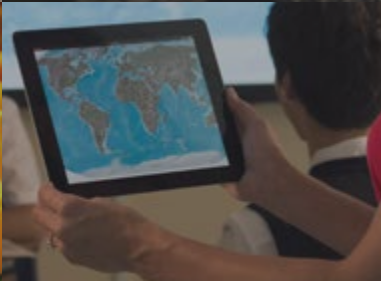

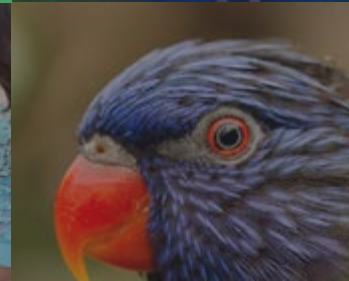

REWARD

outstanding behavior and encourage every student to actively participate in their learning.

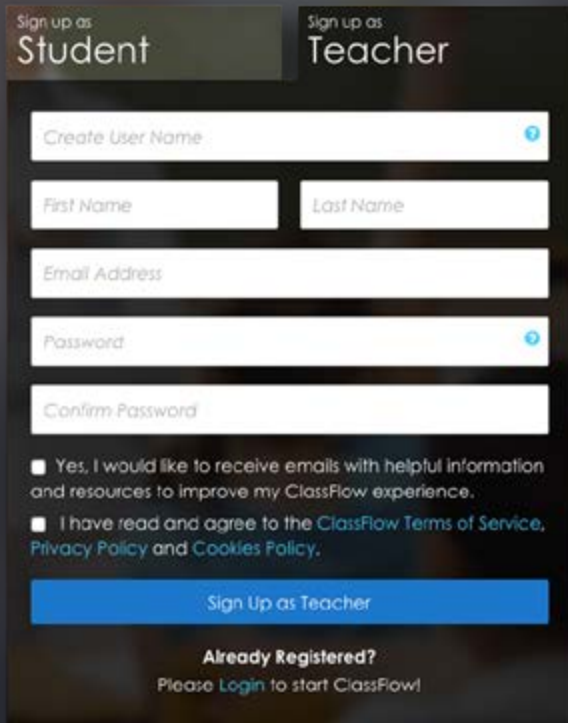

EXTEND learning beyond the classroom by sending assignments, messages, and collaborative projects to students. Centralize all class information & notifications on the dedicated homepage of each class to help students stay organized with their schoolwork.

GETTING STARTED WITH CLASSFLOW IS AS EASY AS 1-2-3!

1. REGISTER FOR A FREE ACCOUNT

Visit www.classflow.com and sign-up for a free teacher account. Once complete, invite each student to register for a free ClassFlow student account and to join your class roster.

The screenshot shows the 'Sign up as Teacher' form on the ClassFlow website. It features a dark background with white text and input fields. At the top, there are two tabs: 'Sign up as Student' and 'Sign up as Teacher', with the latter being selected. The form includes the following fields: 'Create User Name' (with a help icon), 'First Name', 'Last Name', 'Email Address', 'Password' (with a strength indicator icon), and 'Confirm Password'. Below the password fields, there are two checkboxes: the first is for receiving emails with helpful information, and the second is for agreeing to the ClassFlow Terms of Service, Privacy Policy, and Cookies Policy. A blue 'Sign Up as Teacher' button is positioned below the checkboxes. At the bottom, there is a link for 'Already Registered?' that says 'Please Login to start ClassFlow!'.

2. START AN INTERACTIVE LESSON – 3 SIMPLE WAYS

CREATE

dynamic, interactive lessons by importing your pre-existing lesson materials designed in any format (PowerPoint, SMART Notebook, ActivInspire, YouTube videos, and more)!

OR...

SEARCH

from the thousands of free customizable educator-created lessons and resources available in the ClassFlow marketplace!

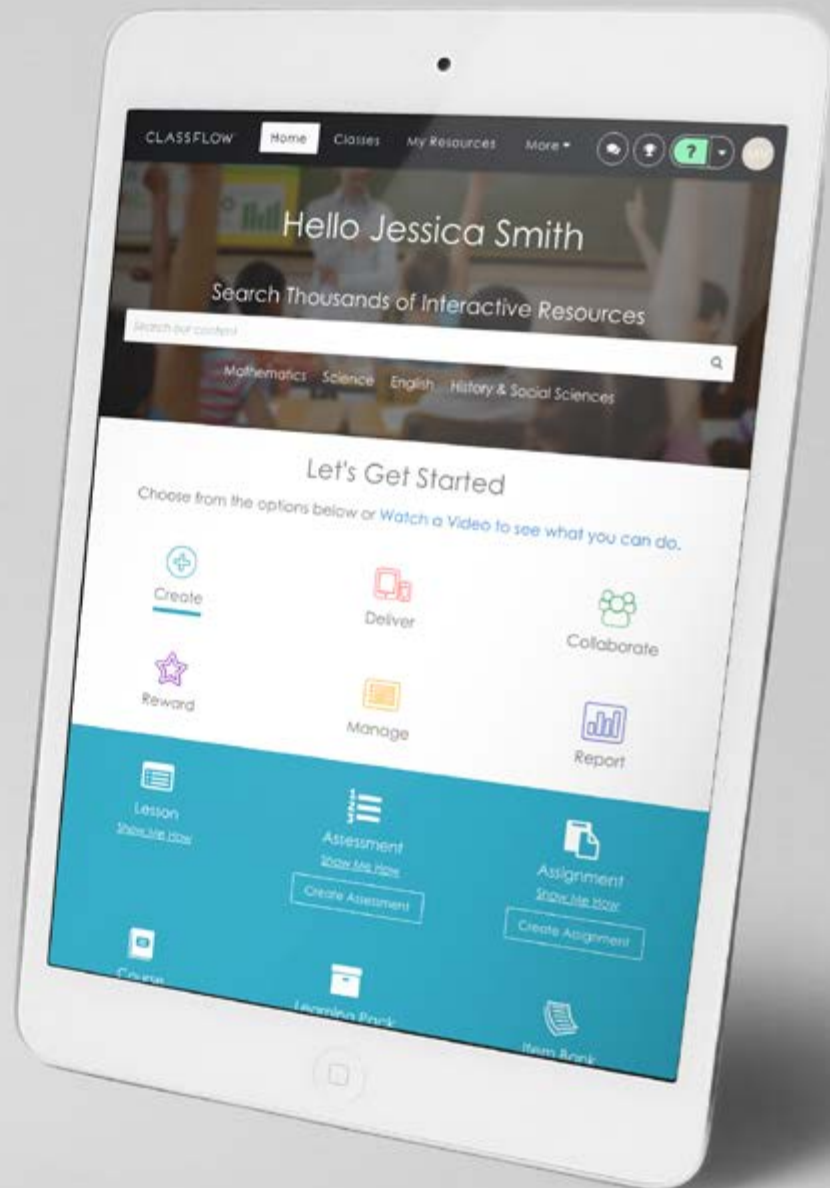

OR...

DOWNLOAD

the free **ClassFlow™ Desktop** application to capture anything displayed on your desktop and share with students as interactive, collaborative lesson content.

3. CONNECT & COLLABORATE WITH STUDENTS

Simply log into your free ClassFlow account from any device connected to the internet, share your class code, and deliver interactive lessons and assignments that engage every student.

For institutions interested in school or system-wide implementation of ClassFlow, we are proud to offer **ClassFlow for Schools.**

ClassFlow **for Schools**

offers a private, dedicated ClassFlow environment for schools and school systems that enables centralized administration, configuration, control and reporting.
